CLUB ETIQUETTE

MEETINGS

The monthly GENERAL MEETING is usually held on the second Wednesday of each month at 8pm. All members should endeavour to attend the meeting so as to keep up with club matters.

DRYCASTING

Casting is usually conducted on the first Sunday of each month. Instruction is given to all new members and a competition is conducted to improve and maintain the standard of our members casting.

FIELD DAYS

These normally follow each general meeting on the ensuing weekend. It is compulsory for anglers to attend both the sign-on and the weigh-in. Anglers who cannot attend the sign-on for work or other unavoidable reasons may make prior arrangements for a late sign-on. However, only under very exceptional circumstances will failure to attend weigh-ins not be penalized with the loss of points acquired during that field day.

It is the Field Day Officer's duty to inform the committee of any anglers who fail to attend the weigh-in. It is the committee's duty to decide what action is to be taken.

Disputes may be taken to the committee.

Entries for Game Fish Badge, Club Records and Open Fishing Competitions must be lodged with the recorder within 30 days of capture.

COMMITTEE MEMBERS

Please notify the Treasurer and Reel Talk Editor of any change of address or phone number.

GENERAL ETIQUETTE

If you intend to resign from the club a letter of resignation should be forwarded to the Secretary.

Please assist the Treasurer by paying your subscription with-in 28 days of the Annual General Meeting.

Arrears of 3 consecutive months may cause forfeiture of membership.

PRESIDENTS REPORT

I am sorry I did not put a report in last months Reel Talk.

For those members who have not heard the bad news, one of our life members, Noel Hnigh has passed away. We send good wishes and condolences to all the family.

The next bad news is another old member is in ill health. Hal Neil is in Mount Henry Hospital in intensive care. Get well quick Hal.

And the good news was to have Alf Rutland up from Bunbury. Great to see you Alf. Hope you pop in to the club all the time.

The Mandurah 500 is over, the club is looking forward to running it next year. The club made a small profit from last year which will help out on club expenses. The club will need members to help out again in the club spirit.

The club is going to do the state drycasting on 29th July. We need all the members possible to give Peter Osborne a hand to run this event. On Saturday will some members come down to set out the "V" court and D/H Acc markers so we can start early Sunday morning.

The club is looking for all members interested in going into the Estuary Fishing down at Bunbury. Don't forget March 24th, State off-shore fishing event and Sunday if required. When you read this the event would have already been held. News will come to the club from Peter at the next meeting.

We would like all members to welcome a new member in Reg Reader at the next meeting.

The Games Night at Lee and Nella's place was a success. Wish a lot more members would take part in these functions. It is for the clubs benefit, not just the few members that attended. A good night for those that attended, it raised \$243 not bad, but could be better with a full time Social organiser doing the job.

The club is looking at purchasing a banner for club events.

The Field Days for next year? There is a form in this Reel Talk, fill it is and bring it along to the next General Meeting and the committee can put a list together for next year's events.

April Field Day is Cape to Cape. All come along and don't forget that the rangers don't like tents put up, so sleep in your car or 4x4, or book into a caravan park.

May will be Rottnest as you will read in the Reel Talk.
Read about the proposed Field Days point system in the
following pages by Sharon and Ian Cook and members.

BLUFF CREEK FIELD DAY REPORT

L.W.E 3rd-5th March 1990

Weather was mild and cloudy with light South West to South East winds on a low swell. Very little rain was experienced.

The Cliftons went down early and took their new camper (ex Steve Suttons). It travelled very well and was easy to tow in the bush and over sandy tracks. Most of the groups came down Friday night at some stage. Derry Barber, Eric Parker and myself had a good run down Friday and set up camp next to the Cliftons on Friday night. The rest of the crew camped near the creek.

The herring were in plentiful supply on Saturday morning so all looked forward to good catches. Leigh and Nella fished exclusively to the east of the creek mouth and caught good mixed bags. The dedicated fishermen fished off the front of the reef which is about 4 kilometer to the west of the creek mouth. This reef produced some nice skippy but it was hard work. Derry B needs a set of Dynabolts to anchor his feet to the reef as he had a number of trips back across the reef floating on his back. I will give him full marks for perserverance. Large numbers of herring were caught in a number of gutters with Mal and Marty catching 50 early in the afternoon.

Sunday produced similar results again.

Both the m/juniors and juniors did well catching good bags of herring and skippy. Tony D'Alonzo clinched the field day by landing a 4.380 kg Salmon.

Sunday night after the weigh in we all gathered at the Reeley's campsite and had a barbeque and a few drinks around a log fire. Having the weigh in followed by a barbeque Sunday night at 8 pm was very successful.

The run back to Perth was good except the temperature got very high as we got further north.

The weekend was very pleasant with good catches of small fish, it was unfortunate that no larger fish were in evidence.

ROTTNEST

Surfcasters have notified the Rottneest officials of their wish to use Rottneest as a field day venue. We understand that there are particular conditions which must be adhered to, the chief one being that we cannot camp at West End, but must camp in an official campsite.

Under the new system we have two main costs: (1) a charge of \$30.00 per head which will cover our island accommodation and all island travel (truck and bus) costs, plus (2) our own ferry costs. This would make a total cost of somewhere between \$40.00 to \$60.00 per person, depending on ferry charges.

For our island costs we get:

- truck and bus to our camp
- camp at Tentland, in 6 berth cabins
- anglers and fishing gear taken out to fishing sites on the Saturday
- anglers picked up at requested time on the Sat (eg 9 pm)
- fishing gear to be locked in the hut overnight
- anglers taken back to camp
- anglers picked up Sunday morning at requested time for transport to fishing site(s)
- transport back to camp following fishing
- transport to ferry

This is available between April and October, but not during school holidays.

There is now a regular bus run every hour around the island if some anglers wish to go back before the general crowd (daylight hours only).

There is another possible camp site - Kingston Barracks, which Fremantle is going to try.

We must book ahead for any camps. There is a minimum of 10 people (\$300.00). We can have less people than booked, (but pay for booked number), but we cannot turn up with more than what we booked for. So we have to be very sure of our bookings, and will have to enforce a money before booking situation.

Gear must be separated and labelled in two piles: Tentland (bus), and Fishing site (truck). Gear will be loaded into either the bus or the truck according to label as soon as we get off the ferry.

We will have some time between ferry arrival and going fishing (about an hour). This is to allow officials to get the general public sorted out before driving us to our chosen fishing site(s).

The Fremantle boys are going to Rotto the second weekend in May. This really leaves us with no option but to take our field day on the third weekend, or perhaps even try Rotto in June (weather?).

Only persons having prepaid at the April meeting will be eligible to go, as cabin accommodation must be prepaid and booked as well as Ferry tickets.

Anglers will not be permitted to fish overnight and must return on the last bus.

Details will be discussed at the April meeting.

Ferry cost will be \$20 per head.

PROPOSED FIELD DAYS POINTS SYSTEM

March, 1990

SCAC committee wishes to propose a new method of calculating field day points that depends upon both the total weight of fish caught and the number of species of fish caught (within a set number of species and species limits).

This has come about through our acknowledgment that stricter bag limits will be legalized within the next few months, and that we as club members must play an active part in conservation of fish species and of our sport.

We aim therefore to encourage club members to still enjoy catching their bag limits (some state limits, some club limits), and to diversify into species type fishing. It is evident to all of us that we cannot adopt a purely species type approach as are many off-shore clubs, as it is a much harder proposition for the rock and beach fisherman to find a variety of species than it is for the boat angler.

With this in mind, committee wishes club members to consider the following system of allocating field day points.

Field day points may be earned in the following ways:

1. 10 points per kilo of total fish weight caught
2. 5 points for each species caught (see species list)
3. 10 points for the heaviest scale fish of the day
4. 10 points the heaviest shark of the day
5. 10 points for attendance
6. 10 points for attending the previous general meeting

FIELD DAY TROPHIES:

1. Heaviest scale fish
2. Heaviest shark
3. Best bag of the day (weight, species and heaviest scale fish and/or shark points combined)
4. Heaviest junior bag.
5. Heaviest mini-junior bag (if appropriate)

SPORTSPERSON OF THE YEAR POINTS:

1. Heaviest scale fish, 1st & 2nd.
2. Heaviest shark, 1st & 2nd.
3. Best bag of the day, 1st & 2nd.

FIELD DAY/OPEN section: stay as at present
